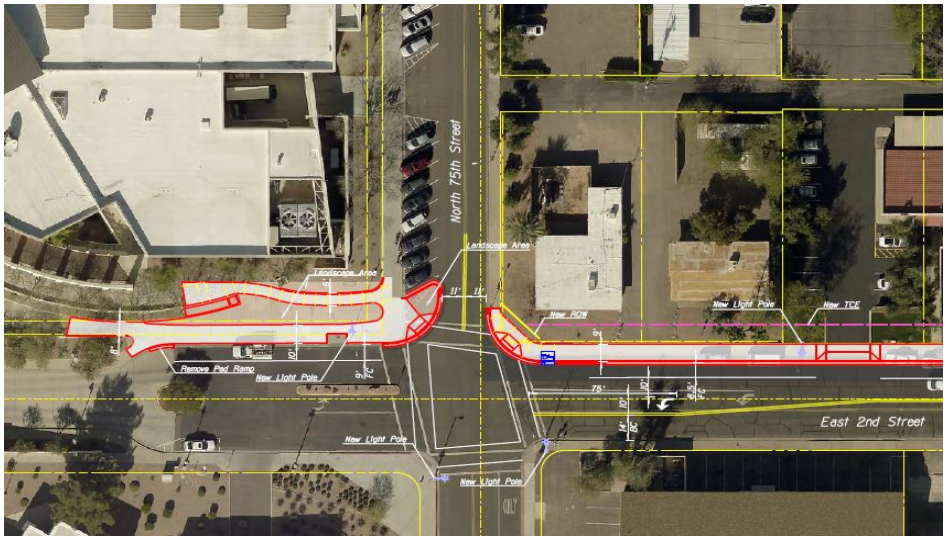
# What's Happening on 2nd Street?

- Upgrade of traffic signals and pedestrian ramps at the Miller Road and 2nd Street intersection to current standards.
- New 10-ft wide Multi-Use Path from Indian Bend Wash to the Civic Center Library.
- Improved access to library from 75th Street and 2nd Street Intersection.
- New street lighting along 2nd Street with underground electric.
- Landscape improvements.



**The anticipated construction completion date is September 15, 2018.**

# How do I get to the Library?

**The 2nd Street entrance to the Civic Center parking garage will be closed during construction.**

**Vehicular access:**
Please use Drinkwater to access the parking garage from the west. For those who like to park on 75th Street, it will be necessary to use the sidewalk on the north side of the library to enter from the west.

**Pedestrian access:**
The north half of the 75th Street and 2nd Street intersection will be closed to pedestrian traffic. Pedestrians may use the sidewalk on the south side of 2nd Street to get to the main entrance or approach from the west side of the library.

# Why is this construction necessary?

The Second Street Bike Path Connection project was planned by the Transportation Department to improve pedestrian mobility and bicycle connectivity to and from Old Town. This section of the path was selected for the first phase of improvements because it provides a direct connection from the Indian Bend Wash Multi-Use Path to the Civic Center Mall, Civic Center Library, and Scottsdale Stadium. Additional future improvements are planned for Second Street west of the Civic Center Library.

**For more information about future Transportation projects, please contact the Transportation Planning Department at (480) 312-7250.**
