This slow, meditative practice is ideal for beginners or experienced students who want to feel more openness and flexibility in their joints, especially the hips and lower back. Most poses are done on the floor from a seated position or on the back. Alternate poses are offered for anyone who has a challenge with the knees or ankles. Students should have props available: 2 yoga blankets and 2 blocks, along with a yoga mat. Substitute props are fine: beach towels instead of yoga blankets, thick hardbound books wrapped in a towel instead of blocks. Chair or sofa cushions can also be used for support. If you like to use a yoga strap for extension, a belt or old necktie will work. Wear clothes that are comfortable and easy to move in. Practice on floor space in any room of your house!

Scottsdale’s McDowell Sonoran Preserve encompasses over 30,500 acres of permanently protected Sonoran Desert and mountains. It is home to a magnificent array of desert adapted plants and animals, and affords stunning views of the McDowell Mountains.

The Scottsdale Preserve also boasts an interconnected network of over 225 miles of trails for hiking, mountain biking and horseback riding. The trails can be accessed from one of eight major trail head facilities, and are open sunrise to sundown. Amenities vary at each trail head; visit the City’s website for more details. Trail maps are available free of charge at all major trail heads, and can also be downloaded by visiting ScottsdaleAZ.gov and searching 'Preserve Maps.'

The Preserve is divided into two primary regions – the Southern and Northern.

- **The Southern Region** is home to the McDowell Mountains, and contains some of the steeper and more challenging trails of the Preserve. The trails of the southern region are very rocky, so be sure to wear sturdy footwear.

  Trailheads: Sunrise, Lost Dog Wash, Gateway, Tom’s Thumb

- **The terrain of the Northern Region** is comprised mainly of rolling desert topography, punctuated by a series of smaller mountains. The trails are much smoother than the south, with dramatically less rock. Because of these characteristics, the Northern Region is very popular with mountain bikers and equestrians.

**Pinnacle Peak Park**

Pinnacle Peak Park | 26805 N. 102nd Way

Pinnacle Peak Park features a moderate out-and-back trail through the pristine Sonoran Desert environment. The park is a total of 150 acres, and the trail length is 1.75 miles, one way. It’s a great hike for all ages and activity levels – with fantastic views!

Visit ScottsdaleAZ.gov and search ‘Pinnacle Peak Park’ for more information about the park, trail information, hours and more.

*Dogs are not allowed on the Pinnacle Peak Park trail.

**Common Mammals You May See at the Preserve:**

- Bobcat
- Coyote
- Desert Mule Deer
- Javelina
- Mountain Lion
