**(18+)** Release your fascia that may be causing pain or limited range of mobility. Myofascial release aims to relax tense, constricted fascia surrounding soft tissue. Whether caused by overuse, inactivity or an underlying condition like trauma or disease, the constricted fascia can contribute to muscle tension, poor circulation and referred pain. This is a heavily restorative, low intensity, no impact class that uses several healing modalities (myofascia release, yoga, ancient Chinese meridian point, etc) to soften connective tissue restrictions/adhesion, release tension, stress, anxiety and trapped energy - restoring harmony and balance within.

At McDowell Village, we’ve learned that excellence isn’t about being ‘the best’ but rather about doing our best. A best that includes providing seniors with a warm, welcoming and social atmosphere, a variety of services and programming to enhance their lives, a place to make new friendships, and daily opportunities to pursue what they love.

But, we’ll be the first to admit, being named “The Best in Senior Living 2022” as a result of 5-star reviews posted by residents’ and prospects’ experience in our community – well, that feels pretty darn good!

McDowell Village is one of 13 MBK Senior Living communities to receive top honors from A Place for Mom for our exceptional care and support of seniors in independent living and assisted living.
SUMMER IS A GREAT TIME TO ENJOY THE PRESERVE!

Before your summer hike, be prepared for the heat by bringing ample water, know your physical abilities, take a map with you, bring your cell phone and try to visit our trails before 10am when the temperature really heats up!

Scottsdale’s McDowell Sonoran Preserve encompasses over 30,500 acres of permanently protected Sonoran Desert and mountains. It is home to a magnificent array of desert adapted plants and animals, and affords stunning views of the McDowell Mountains.

The Scottsdale Preserve also boasts an interconnected network of over 225 miles of trails for hiking, mountain biking and horseback riding. The trails can be accessed from one of eight major trail head facilities, and are open sunrise to sundown. Amenities vary at each trail head; visit the City’s website for more details. Trail maps are available free of charge at all major trail heads, and can also be downloaded by visiting ScottsdaleAZ.gov and searching "Preserve Maps."

The Preserve is divided into two primary regions – the Southern and Northern.

- **The Southern Region** is home to the McDowell Mountains, and contains some of the steeper and more challenging trails of the Preserve. The trails of the southern region are very rocky, so be sure to wear sturdy footwear.
  
  **Trailheads:** Sunrise, Lost Dog Wash, Gateway, Tom’s Thumb

- **The terrain of the Northern Region** is comprised mainly of rolling desert topography, punctuated by a series of smaller mountains. The trails are much smoother than the south, with dramatically less rock. Because of these characteristics, the Northern Region is very popular with mountain bikers and equestrians.

  **Trailheads:** Our new Pima Dynamite trailhead, Brown’s Ranch, Fraesfield and Granite Mountain Trailheads.
